REPORT OF INDEPENDENT AUDITORS

To the Board of Trustees
El Paso Firemen and Policemen's Pension Fund
(A Component Unit of the City of El Paso, Texas)
El Paso, Texas

Report on Financial Statements

We have audited the accompanying statements of plan net position of El Paso Firemen and Policemen's Pension Fund (A Component Unit of the City of El Paso, Texas) as of December 31, 2013 and 2012, and the related statements of changes in plan net position for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

To the Board of Trustees
El Paso Firemen and Policemen's Pension Fund
(A Component Unit of the City of El Paso, Texas)

We believe that the audit evidence obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the plan net position of El Paso Firemen and Policemen's Pension Fund as of December 31, 2013 and 2012, and the changes in its plan net position for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 4 to 7 and the Schedules of Funding Progress and Schedules of Employer Contributions on pages 26 and 27 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operations, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide assurance.

Other Supplementary Information

Our audit was conducted for the purpose of forming opinions of the financial statements that collectively comprise El Paso Firemen and Policemen's Pension Fund's basic financial statements. The Schedule of Administrative and Investment Expenses are presented for purposes of additional analysis and are not a required part of the basic financial statements.

To the Board of Trustees
El Paso Firemen and Policemen's Pension Fund
(A Component Unit of the City of El Paso, Texas)

The Schedule of Administrative and Investment Expenses is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Administrative and Investment Expenses is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Combining Schedules of Plan Net Position and Combining Schedule of Changes in Plan Net Position has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section presents management's discussion and analysis of the El Paso Firemen and Policemen's Pension Fund and its blended component unit Lomaland West, LLC's (the Fund) financial performance during the year ended December 31, 2013. Please read it in conjunction with the accompanying financial statements and the related notes.

This report is prepared in accordance with the principles of governmental accounting and reporting promulgated by the Governmental Accounting Standards Board (GASB). Investments are stated at fair value, and revenues include the recognition of unrealized gains and losses. The accrual basis of accounting is used to record assets, liabilities, revenues, and expenses. Revenue recognition occurs when earned without regard to the date of collection. Expense recognition occurs when the corresponding liabilities are incurred, regardless of payment date. The basis of contributions to the Fund follows the principles of level cost financing, with current service financed on a current basis. Buck Consultants, the consulting actuary, evaluates the funding status of the Fund.

This report contains the following information:

1. **Basic Financial Statements** including:
 - a. Statements of Plan Net Position
 - b. Statements of Changes in Plan Net Position
 - c. Notes to the Financial Statements
2. **Supplementary Information** including:
 - a. Schedule of Administrative and Investment Expenses
3. **Required Supplementary Information** including:
 - a. Schedule of Funding Progress
 - b. Schedule of Employer Contributions
4. **Other Supplementary Information** including:
 - a. Combining Schedules of Plan Net Position
 - b. Combining Schedules of Changes in Plan Net Position

The basic financial statements are described as follows:

- The Statement of Plan Net Position shows the account balances at year-end and includes the net assets available for future benefit payments. The liabilities for future benefit payments are not included in this statement; however, they are shown in the Schedule of Funding Progress that is included in the Required Supplementary Information.
- The Statement of Changes in Plan Net Position shows the sources and uses of funds during the year and illustrates the change in net position from the previous year.
- The Notes to the Financial Statements are an integral part of the financial statements and include additional detailed information and schedules to provide a better understanding of the financial statements.

(A COMPONENT UNIT OF THE CITY OF EL PASO, TEXAS)
MANAGEMENT'S DISCUSSION AND ANALYSIS

The required supplementary information provides historical trends that help reflect the ongoing plan perspective and the long-term nature of the defined benefit plan.

- The Schedule of Funding Progress contains actuarial information about the status of the plan.
- The Schedule of Employer Contributions contains historical trend information regarding the value of the total annual contributions the employer must pay and the actual contributions by employers in meeting that requirement.

Financial Highlights

- The Fund's investment return was up 17.78%, ranking in the 41th percentile, and up 11.80%, ranking in the 74th percentile of Public Pension Funds, for the years ending December 31, 2013 and 2012, respectively.
- The assets of the Fund exceeded its liabilities at the close of the fiscal years 2013 and 2012 by \$1,243,383,245 and \$1,080,071,764, respectively.
- The Fund's total net position increased by \$163,311,481 and \$94,640,883 in 2013 and 2012, respectively.

The Fund's funding objective is to meet long-term benefit obligations through contributions and investment income. As of January 1, 2014, the date of our last actuarial valuation, the funded ratio was approximately 79.22%. In general, this indicates that, as of January 1, 2014, for every dollar of benefits due we had approximately \$.79 of assets to cover them.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Fund's basic financial statements. The Fund's basic financial statements contain three components; 1) the basic financial statements, 2) notes to the financial statements, and 3) supplementary Schedules 2 and 3 required by the Governmental Accounting Standards Board.

The Fund is accounted for on an economic resource measurement focus using the accrual basis of accounting principles generally accepted in the United States of America.

The financial statements include the statements of plan net position and the statements of changes in plan net position. The notes provide additional information that is essential to a full understanding of the data provided in the Fund's financial statements. In addition to the basic financial statements and required supplementary Schedules 2 and 3, this report also contains supplementary Schedule 1 and other supplementary Schedules 4 through 7 that is intended to enhance the reader's understanding of the financial condition of the Fund.

Summarized Financial Information

The following table displays a summary of the net position available for benefits from fiscal years 2013, 2012 and 2011 for the Fund:

	<u>2013</u>	<u>2012</u>	<u>2011</u>
Assets	\$ 1,324,419,251	\$ 1,152,517,559	\$ 1,051,189,287
Liabilities	<u>81,036,006</u>	<u>72,445,795</u>	<u>65,758,406</u>
Net position held in trust for pension benefits	<u>\$ 1,243,383,245</u>	<u>\$ 1,080,071,764</u>	<u>\$ 985,430,881</u>

Total net position increased by \$163,311,481 or 15.12% during the fiscal year 2013 to \$1,243,383,245. The increase to net position is primarily due to the Fund's investment activities.

Financial Analysis

As previously noted, net position may serve over time as useful indication of the Fund's financial position. The assets of the Fund exceeded its liabilities at the close of the year. Currently, \$1,243,383,245 in net position is held in trust for future pension benefits. All of the net positions are available to meet the Fund's ongoing obligations to plan members and their beneficiaries.

As of December 31, 2013, net position increased by 15.12% from the prior year primarily due to increases in the fair value of investments during 2013.

Investments – The investment decisions made by the Board of Trustees are made mindfully and with careful thought especially in the unpredictable global and domestic financial markets today. The portfolio continues to be structured to provide the best returns possible over the long-term within the risk parameters adopted by the Board.

Revenues – Additions to Plan Net Position. The assets needed to finance retirement benefits are accumulated through the collection of employer and employee contributions and earnings on investments (net of investment expenses). Total additions to plan net position for the year ended December 31, 2013 was \$228,513,682.

Expenses – Deductions from Plan Net Position. The Fund was established to provide lifetime retirement annuities, survivor benefits and disability benefits to qualified members and their beneficiaries. The cost of such programs includes recurring monthly benefit payments, as designated by the Fund, refund of employee contributions (without interest) to terminated employees, and the cost of administering the retirement system. The total cost of the Fund administrative expenses is 100% funded by investment proceeds earned throughout each fiscal year.

Deductions for the year ended December 31, 2013 totaled \$65,202,201, an increase of \$4,338,914 or 7.13% over the year ended December 31, 2012. The majority of this increase is comprised of benefit payments to retirees and beneficiaries and employee contribution refunds, including interest.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Comparison of Fiscal Year 2013 to 2012 – As of December 31, 2013, net position increased by 15.12% from the prior year primarily due to increases in the fair value of investments during 2013. Total additions to plan net position for the year ended December 31, 2013 was \$228,513,682. Deductions for the year ended December 31, 2013, totaled \$65,202,201 an increase of \$4,338,914 or 7.13% over the year ended December 31, 2012.

Comparison of Fiscal Year 2012 to 2011 – As of December 31, 2012, net position increased by 9.63% December 31, 2011 primarily due to increases in the fair value of investments during 2012. Total additions to plan net position for the year ended December 31, 2012 was \$155,504,170. Deductions for the year ended December 31, 2012, totaled \$60,863,287 an increase of \$2,992,014 or 5.17% over the year ended December 31, 2011.

**EL PASO FIREMEN AND POLICEMEN'S PENSION FUND
(A COMPONENT UNIT OF THE CITY OF EL PASO, TEXAS)
NOTES TO FINANCIAL STATEMENTS**

Note 1 – Reporting Entity and Summary of Accounting Policies

Reporting entity – The El Paso Firemen and Policemen's Pension Fund (the Fund) is a single-employer Public Employee Retirement System (PERS) plan established and administered by the Board of Trustees in accordance with authority granted by Article 6243b of Vernon's Annotated Texas Statutes. The fund is a component unit of the City of El Paso, Texas. It consists of separate divisions for firemen and policemen. The two divisions have been combined in the accompanying combining financial statements.

In 2007, the Fund formed Lomaland West, LLC, which is a limited liability company. Lomaland West, LLC was formed to acquire a building to house the Fund's operations. Lomaland West, LLC purchased a building during 2013 and plans to relocate operations to the new location in 2014. As of December 31, 2013 the building still required remodeling before it will be functional. As of December 31, 2013 and 2012, the primary activity of Lomaland West, LLC is to pay lease payments on the premises occupied by the Fund. Lomaland West, LLC is presented as a blended component unit.

Basis of accounting – The accounting policies of the Fund have been established to conform to generally accepted accounting principles for state and local governments as promulgated by authoritative pronouncements issued by the Governmental Accounting Standards Board. The Fund is accounted for on an economic resources measurement focus using the accrual basis of accounting.

Valuation of investments – Investments of the Fund were held by The Northern Trust Company in the custodian's name for the years ended December 31, 2013 and 2012.

Investments are stated at fair value in the accompanying combined statements of plan net position. The fair value of marketable investments is determined by the latest bid price, closing exchange price at year end, institutional bid evaluation and net asset value as considered appropriate for each investment type by the Northern Trust Company. The estimated fair value of alternative investments is based on the most recent valuations provided by the external investment managers. Because alternative investments are not readily marketable, their estimated value is subject to uncertainty and, therefore, may differ from the value that would have been used had a ready market for such investments existed. Third-party investment managers administer substantially all marketable securities of the Fund. Gains and losses resulting from securities transactions are recorded in investment income.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net change in fair value of investments reflected in the accompanying statements of changes in plan net position available for benefits represents the net realized and unrealized gains or losses on investments, which equals the difference between the cost and the market value of investments at the beginning versus the end of the year, plus or minus gains or losses realized during the year.

EL PASO FIREMEN AND POLICEMEN'S PENSION FUND
(A COMPONENT UNIT OF THE CITY OF EL PASO, TEXAS)
NOTES TO FINANCIAL STATEMENTS

Note 1 – Reporting Entity and Summary of Accounting Policies (continued)

The Northern Trust Company utilizes a master trust to account for investments of the Fund. As part of the master trust concept, all investments for each division are unitized. A unitization is an arrangement which allows multiple participants to share in the same commingled investment pool. Each division then owns a certain number of units of the master trust. Units are assets which represent an undivided ownership in the master trust. All activity of the master trust, including gains and losses and all expenses not otherwise specifically allocated to each division, are reflected in the master trust.

Securities lending transactions – Gross income from securities lending transactions are recorded in the operating statements, as well as the various fees paid to the institutions that oversee the lending activity. The value of the collateral that is being held is represented as an asset and a liability on the Statement of Plan Net Position.

Foreign currency transactions – The Fund is a party to certain financial derivatives, utilizing put or call options, future contracts, options on futures, and any other type of financial futures transactions, only when used by International Managers or Index Managers if such transactions are for the purpose of currency hedging, investing cash to efficiently obtain market exposure prior to the purchase of actual securities or due to the delay in settlement of accrued dividends which have not yet been received as paid, respectively, or when used by core plus fixed income managers. Entering into these arrangements involves not only the risk of dealing with counterparties and their ability to meet the terms of the contracts but also the risk associated with market fluctuations. Gains and losses on option and future arrangements are recorded as they are incurred. Gains and losses on forward contracts are recorded on the settlement date. The Fund does not have any put or call options, futures contracts, options on futures of any other type of financial futures transactions at December 31, 2013 or 2012.

Gains and losses resulting from foreign exchange contracts (transactions denominated in a currency other than the Fund's functional currency – United States dollars) are recorded by the Fund based on changes in market values and are combined with similar transactions in the accompanying statements of changes in plan net position and are included in net master trust investment gain (loss).

Investments and broker accounts denominated in foreign currencies outstanding at December 31, 2013 and 2012 were converted to the Fund's functional currency (United States dollars) at the foreign exchange rates quoted at December 31, 2013 and 2012. These foreign exchange gains and losses are included in net appreciation in fair value of investments in the accompanying statements of changes in plan net position.

Revenue and expense recognition – The accounts of the Fund are maintained and reported in the accompanying financial statements on the accrual basis of accounting. Employee and employer contributions are recognized as revenue in the period in which employee services are performed. Benefits, refunds and expenses paid are recognized as incurred.

EL PASO FIREMEN AND POLICEMEN'S PENSION FUND
(A COMPONENT UNIT OF THE CITY OF EL PASO, TEXAS)
NOTES TO FINANCIAL STATEMENTS

Note 1 – Reporting Entity and Summary of Accounting Policies (continued)

Capital assets – Capital assets are recorded at cost, less accumulated depreciation and amortization. Maintenance and repairs are charged to expense as incurred; whereas, major additions and significant improvements are capitalized.

Depreciation is calculated on a straight-line basis over the estimated useful life of the asset, which is 5 years for computer equipment, 5-10 years for furniture and fixtures, and 10 years for the pension administration system. Depreciation expense related to these assets amounted to \$122,199 and \$123,321 for the years ended December 31, 2013 and 2012, respectively.

Payment of benefits – Benefit payments to participants are recorded upon distributions.

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities at the date of the financial statements and the reported changes in plan net position during the reporting period. Actual results may differ from estimates.

Federal income taxes and ERISA – The Fund is a Public Employee Retirement System (PERS) and is exempt from federal income taxes and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Reclassifications – Certain 2012 information was reclassified to conform to the 2013 presentation.

Accounting pronouncements – GASB 67 – Financial Reporting for Pension Plans – An Amendment of GASB Statement No. 25 (*Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans and No. 50, Pension Disclosures*). The Statement is to improve financial reporting by state and local governmental pension plans by providing decision-useful information, support assessments of accountability and interperiod equity, and creating additional transparency. Note disclosures and required supplementary information are enhanced which includes the presentation of new information about annual money-weighted rates of return in the notes to the financial statements and in 10-year required supplementary information. The Fund will implement this pronouncement in the year ending December 31, 2014.

EL PASO FIREMEN AND POLICEMEN'S PENSION FUND
(A COMPONENT UNIT OF THE CITY OF EL PASO, TEXAS)
NOTES TO FINANCIAL STATEMENTS

Note 2 – Description of the Retirement Plans

The designated purpose of the Fund is to provide retirement, death and disability benefits to participants or their beneficiaries. The City of El Paso is the only participating employer. Cost-of-living adjustment (COLAs) are provided upon the earlier of the retiree having attained age 60 or the fifth anniversary for firemen or second anniversary for policemen of the pension commencement date and on each January 1st thereafter. The Fund is established by state statute and administered by a Board of Trustees comprised of 11 trustees as follows:

Three citizens of the City to be appointed by the mayor; two citizens of the City to be appointed by the city manager; three Member firemen of the City Fire Department, to be elected by the Firemen Members of the Fund; and three Member policemen of the City Police Department, to be elected by the Policemen Members of the Fund. The Board contracts with an independent custodian bank, investment managers, an investment consultant, and an actuary to assist in managing the Fund.

The Fund's membership is estimated as follows as of December 31, 2013 and 2012:

	2013		2012	
	Firemen Division	Policemen Division	Firemen Division	Policemen Division
Retirees and beneficiaries of deceased retirees currently receiving benefits	700	939	671	901
Inactive employees entitled to benefits but not yet receiving them	3	14	7	6
Total retired and inactive members	703	953	678	907
Current active members	870	1,042	889	1,065

The Pension Fund was originally enacted under Chapter 101, Acts of the 43rd Legislature, 1st Called Sessions, 1933, subsequently modified from time to time, and has been restated, effective July 1, 2007, in two parts: Part I, The Base Plan, and Part II, The Second Tier Plan.

The Firemen Division of the Fund is a defined benefit, contributory retirement plan covering uniformed employees of the Fire Department. Participants are required to contribute 15.28% of their compensation to the Fund. In addition, the City of El Paso pays up to 18.5% of compensation into the Fund. Non-employer contributions are limited to participating employees.

The Policemen Division of the Fund is a defined benefit, contributory retirement plan covering uniformed employees of the Police Department. Participants are required to contribute 13.89% of their compensation to the Fund. In addition, the City of El Paso pays up to 18.5% of compensation into the Fund. Non-employer contributions are limited to participating employees.

Note 2 – Description of the Retirement Plans (continued)

Any person duly appointed and enrolled as a fireman or policeman in the fire or police departments of the city shall automatically become a member of the pension fund, provided such person shall have attained eighteen (18) years of age. Participant contributions are not refunded if a participant terminates with less than five years of service and all benefits under the Fund are terminated. Participant contributions (without interest) are refunded upon request if a participant terminates with five or more years of service but less than twenty years of service. All benefits under the Fund are terminated if contributions are refunded.

The Fund is maintained under the provisions of Article 6243b of Vernon's Annotated Texas Statutes. All current Fund provisions are set forth in the City of El Paso Firemen and Policemen's Pension Fund Plan Document as Restated Effective July 1, 2007. Benefit provisions, contribution obligations and funding policy of the Fund are established and amended in accordance with authority granted by Article 6243b of Vernon's Annotated Texas Statutes. The costs of administering the Fund are paid out of the Fund's assets. The complete Plan Document containing benefit and vesting provision in their entirety is available at the Pension office.

Note 3 – Cash and Investments

Custodial risk-cash and cash equivalents – For cash deposits and cash equivalents, custodial risk is the risk that in the event of bank failure, the Fund's deposits may not be returned to it. The Fund's deposits are held by the Custodian, which are classified as cash and cash equivalent in the statement of plan net position. As of December 31, 2013 and 2012, the Fund's cash and cash equivalents in the custodian bank totaled \$15,793,301 and \$13,482,385, respectively. For purposes of this note, cash and cash equivalents is to include cash and short-term investments. The Fund does not have a deposit policy for custodial credit risk; however, management believes that the Fund's credit risk exposure for amounts not covered by Federal depository insurance is mitigated by the financial strength of the banking institution in which the deposits are held.

Investments – The Board has adopted a Statement of Investment Policy (Investment Policy) with the objective to invest the Fund's assets in a manner consistent with generally accepted standards of fiduciary responsibility. The safeguards which would guide a prudent man will be observed. Safety of principal shall be emphasized and the Fund will be diversified so as to avoid the risk of large loss. All transactions undertaken on behalf of the Fund will be for the sole benefit of the Fund participants and beneficiaries and for the exclusive purpose of providing benefits to them and defraying reasonable administrative expenses.

The Fund's investments are managed by various investment managers who have discretionary authority over the assets managed by them, within the investment guidelines established by the Board under contracts with the Fund. The investments of the Fund are held by the Fund's custodian and are accessible by the investment managers. The investments generally consist of short-term securities, U.S. and foreign government securities, and domestic and foreign corporate debt and equity securities.

NOTES TO FINANCIAL STATEMENTS

Note 3 - Cash and Investments (continued)

Custodial credit risk - investments - For an investment, custodial credit is the risk that, in the event of the failure of the custodial counterparty, the Fund will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the Fund, and are held by either the counterparty or the counterparty's trust department or agent but not in the Fund's name. At December 31, 2013 and 2012, the Fund's security investments that were not subject to custodial credit risk were the investments not registered on an exchange. The Fund's investments are held in the Fund's name and are not exposed to custodial credit risk. There are no general policies relating to custodial credit risks.

Interest rate risk - investments - Interest rate risk is the risk that changes in interest rates over time will adversely affect the fair value of an investment. Interest rate and market risk are the greatest risks faced by an investor in the debt securities market. The price of a debt security typically moves in the opposite direction of the change in interest rates. In accordance with the Investment Policy, the Board of Trustees provides each of the Fund's investment managers with a set of investment guidelines. These guidelines specify the following:

- The return objective for the Domestic Core Fixed Income Portfolio, if actively managed, is to exceed by 0.75% per year the return of the Lehman Brothers Aggregate Bond Index.
- The return objective for the Domestic Core Fixed Income Portfolio, if passively managed, is to approximate the return of the Lehman Brothers Aggregate Bond Index.
- The risk objective of the Domestic Fixed Income Portfolio shall be defined in terms of standard deviation of returns. The annual standard deviation of returns for the Fund's domestic fixed income portfolio, if actively managed, is not expected to exceed 1.3 times the annual standard deviation of the returns for the Lehman Brothers Aggregate Bond Index.
- The risk objective of the Domestic Fixed Income Portfolio shall be defined in terms of standard deviation of returns. The annual standard deviation of returns for the Fund's domestic fixed income portfolio, if passively managed, is not expected to exceed 1.2 times the annual standard deviation of the returns for the Lehman Brothers Aggregate Bond Index.

Note 4 - Securities Lending Transactions

The Fund is authorized to enter into securities lending transactions under Texas State Statutes Section 2256.0015. The Fund has a securities lending agreement with its custodian, the Northern Trust Company (the Lending Agent), under which Fund owned investments are lent to one or more borrowers for a fee. The Lending Agent is responsible for collecting all required collateral in the form of U.S. dollar cash, securities issued or guaranteed by the United States Government or its agencies or instrumentalities, or irrevocable letters of credit issued by banks independent of the borrowers.

NOTES TO FINANCIAL STATEMENTS

Note 4 - Securities Lending Transactions (continued)

The lending agent is authorized to enter into securities lending transactions of U.S. and non-U.S. Securities (securities) in accordance with the terms of a Securities Lending Authorization Agreement (the agreement). The Lending Agent is authorized to lend the Fund's securities to one or more borrowers, as appropriate, but limited to only central approved borrowers listed.

The Lending Agent has indemnified the Fund harmless from any losses, damages, costs or expenses the Fund may incur if the Lending Agent is unable to recover borrowed securities or distributions made during the term of the loans with respect to those securities as a result of the Lending Agent's failure to make a reasonable determinations of the creditworthiness of a borrower, demand adequate and appropriate collateral on a timely basis or to perform its duties under the agreement with the Fund.

The agreement states that collateral must have a market value equal to no less than 100% of the market value of the borrowed securities.

Each business day the Lending Agent and the Fund determine the market value of the collateral and the borrowed securities. If on any business day the market value of all the collateral is less than the required value, the Lending Agent will demand from the borrower, additional collateral so that the market value of the additional collateral, when added to the market value of the collateral previously delivered to the Lending Agent equal the required value. If on any business day the market value of all the collateral is greater than the required value, the Lending Agent will, upon request from the borrower, redeliver the borrower such amount of collateral selected by the borrower so that the market value of all collateral equals the required value. The Fund's policy requires investment grade securities.

Note 5 - Contributions

Employee contributions as established by the Board of Trustees and a vote of active participants in accordance with Article 6243b (Act) of Vernon's Annotated Texas Statutes. The City's funding policies provide for periodic employer contributions.

Actuarial valuations are prepared biennially for the Fund and the Fund's actuary has determined that, under the current contribution requirements, the Fund will not accumulate sufficient assets to amortize the Unfunded Actuarial Accrued Liability (UAAL).

In the event, based upon the results of the actuarial valuations, a qualified actuary determines that the total contribution rate, is insufficient to amortize an unfunded actuarial accrued liability, as defined under the Governmental Accounting Standards Board Statement No. 25, over a period not to exceed forty (40) years:

The city's governing body may increase its contribution rate; and to the extent that the city's contribution rate increases also may the member contribution rate must increase by an amount equal:

- (A) the numerator of which is the increase in the amount of city or town contribution rate; and
- (B) the denominator of which is the amount of the city or town contribution rate before the increase.

The sum of the city's contribution rate and the member contribution rate, after an increase, may not exceed the total contribution rate determined by the actuary necessary to amortize the unfunded actuarial accrued liability over a forty (40) year period.

Note 6 - Operating Leases

On April 1, 2008, Lomaland West, LLC, the blended component unit of the Fund, entered into a Lease Agreement with Borderplex 201 E. Main, L.L.C., for the rental of office space in the Chase Tower in downtown El Paso. Beginning March 31, 2013, the 5 year lease expired but was renewed in April 2013 for an additional year expiring on April 30, 2014. After April 30, 2014, the lease will be month-to-month. Additional rent can be assessed as described in paragraph 3 of the original lease agreement if the landlord expects "operating costs" to exceed the expense stop provision.

On the accompanying financial statements for the years ended December 31, 2013 and 2012, total lease expenses for these operating leases were shown as part of administrative expenses as follows:

	<u>2013</u>	<u>2012</u>
Firemen Division	\$ 42,326	\$ 42,325
Policemen Division	<u>42,326</u>	<u>42,325</u>
Total lease expenses	<u><u>\$ 84,652</u></u>	<u><u>\$ 84,650</u></u>

Note 7 - Risks and Uncertainties

The Fund invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of plan net position.

The Fund's contribution rates and the actuarial information included in the notes and Schedules 2 and 3 are based on certain assumptions pertaining to interest rates, health care inflation rates and employee demographics, all of which are subject to change.

Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

* Amounts reported in whole dollars (\$)

** For financial reporting purposes, an actuarial valuation is performed biennially as allowed for under GASB 25.

Analysis of the dollar amounts of actuarial value of assets, actuarial accrued liability, and unfunded actuarial accrued liability in isolation can be misleading. Expressing the actuarial value of assets as a percentage of the actuarial accrued liability provides one indication of the Fund's funding status on a going-concern basis. Analysis of this percentage over time indicates whether the Fund is becoming financially stronger or weaker, generally, the greater this percentage, the stronger the Fund. Trends in unfunded actuarial accrued liability and covered payroll are both affected by inflation. Expressing the unfunded actuarial accrued liability as a percentage of covered payroll approximately adjusts for the effects of inflation and aids analysis of the Fund's progress made in accumulating sufficient assets to pay benefits when due. Generally, the smaller this percentage, the stronger the Fund.
